Dear Mr. Wong:

Please accept our belated but sincere gratitude for your excellent services providing simultaneous interpretation for the NGO Forum on Women '95 held August 30 to September 8, 1995 in China.

From our initial contacts with you through the final day of plenary interpretation, we were impressed with your management capability and overall can-do attitude. The 54 member interpretation team that you assembled were able, mature and patient -- the best of professionalism.

We appreciate your personal commitment to the smooth professional running of this large and demanding conference. Polyglot Translations made a significant contribution to the success of this historic event in the women's movement worldwide.

We wish you all the best in your future endeavors.

Yours sincerely,

Irene M. Santiago
Executive Director
