I write to thank you for your companies' excellent translation of Dr Choi Yuan Wan and Mr Mak Ping On's speeches at our August seminar. They are the best English translations of our Chinese speeches so far. We shall be glad to have you are one of our key translation service providers for our future seminars. If you are interested, we shall be happy to put you on our invitation list for such seminars. I think you and your colleague will enjoy it.

May I wish you Merry Christmas and Happy New Year.
